Zelensky and "The Jewish Question" MAR 8 **Putin's stated war aim of "De-Nazification" has been scorned by Western critics who cite president Zelensky's Jewish identity. In effect, this ironically utilizes a Nazi iteration of identity politics: "He can't be a Nazi, because he is a Jew." In that context we note: 1)—" . . . . Zelensky's top financial backer, the Ukrainian Jewish oligarch Igor Kolomoisky, has been a key benefactor of the neo-Nazi Azov Battalion and other extremists militias. . . . Kolomoisky, . . . has been a top funder of Azov since it was formed in 2014. . . ." 2)–The election monitors of Zelensky's bid were drawn from the Azov Battalion's National Druzhina Militia: " . . . . They are the ultranationalist National Militia, street vigilantes with roots in the battle-tested Azov Battalion that emerged to defend Ukraine against Russia-backed separatists but was also accused of possible war crimes and neo-Nazi sympathies. Yet despite the controversy surrounding it, the National Militia was granted permission by the Central Election Commission to officially monitor Ukraine's presidential election on March 31. . . ." 3)—" . . . . Though Zelensky made anti-corruption the signature issue of his campaign, the Pandora Papers exposed him and members of his inner circle stashing large payments from Kolomoisky in a shadowy web of offshore accounts. . . ."WFMU-FM is podcasting For The Record–You can subscribe to the podcast HERE. Putin's War Goals, Ukraine's Nukes and the Invasion UPDATED ON 3/8/2022 MAR 5 **A former member of Physicians for Social Responsibility, Steven Starr has presented a very, very important article, documenting that Zelensky has, indeed, been talking of possessing nuclear weapons. Putin's war aims of "De-Nazification" and "De-militarization" appear to be rooted in unpleasant fact. The thought of the Nazi elements that lurk behind the "Jewish" façade of president Zelensky possessing nukes is terrifying. Starr's article also gives insight into why Russian forces are initiating combat around Ukrainian nuclear sites. WFMU-FM is podcasting For The Record–You can subscribe to the podcast HERE. Never Underestimate "Half-A-Man" MAR 1 **Ashton Kutcher is married to fellow thespian Mila Kunis, who was born in Ukraine. Kutcher tweeted "I stand with Ukraine." Almost exactly nine years ago " . . . . A Member of the Ukrainian Parliament from the far-right Svoboda Party [Igor Miroshnichenko] … sneeringly proclaimed that [Kunis] was not Ukrainian but a zhydovka. This deeply hurtful slur for a Jew was an alarming gutter effort to inject Jew-hatred into the acceptable bounds of mainstream Ukrainian discourse. . . . The most disturbing aspect of the story was the reaction from the Ukrainian ministry, which claimed that there is nothing wrong with calling Kunis the female version of a 'dirty Jew,' because the word is in their dictionary. . . ." History: OUN/B and UPA Guerilla Warfare and the German "Werewolf" Operation UPDATED ON 2/22/2022 FEB 21 **In a previous post, we set forth excerpts from "The Bormann Brotherhood" documenting the Third Reich genesis of the terms "Iron Curtain" and "Better Dead Than Red"–the latter the propaganda battle cry of Germany's Radio Werewolf. Near the end of WWII, Gehlen set up the Werewolf guerilla organization, which recruited from the ranks of the UPA: ". . . . Gehlen provided [SS Obergruppenführer Hans] Prutzmann with a detailed blue-print for the organization of the Werewolves . . . . Prutzmann and his sub-commanders resorted to enlisting to enlisting members of the rapidly dissolving Vlassov Army and the Ukrainian UPA . . . . Gehlen had produced the original scheme for Werewolf . . . ." UPA combatants continued guerilla warfare until 1952, jumping to CIA: " . . . . In south-west Ukraine and eastern Poland bands of the nationalist UPA many still with their German SS officers, harassed the Soviet Army, the Polish militia of the communist-dominated Warsaw government and the local authorities set up in the liberated territories. . . . Trained in guerilla warfare by the Germans, they ambushed Soviet road convoys, used hit-and-run tactics, and carried out innumerable sabotage actions. Indeed, some of the Ukrainian insurgents held out in the forests of the Carpathian mountains until 1952. . . ." WFMU-FM is podcasting For The Record–You can subscribe to the podcast HERE. "Political language...is designed to make lies sound truthful and murder respectable, and to give an appearance of solidity to pure wind."

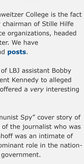
— George Orwell, 1946



In our **previous programs**, we set forth the deep political milieu spanning the landscape of the JFK assassination, as embodied by a French fascist network stretching from the 1930's up until the early 1990's. Overlapping dominant French and transnational fascist components of multiple intelligence agencies and transnational corporations, these networks exerted the powerful forces that killed President Kennedy and sit astride the contemporary political landscape.

In this program, we further develop some of the Nazi networks involved with the JFK assassination, in order to flesh out understanding of the structural and operational nature of the dominant elements in our political culture.

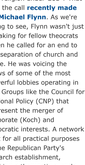
(We have detailed the fundamental involvement of Nazis in the assassination of JFK in numerous programs, over the decades, including: **FTR#'s 54, 168, 971, 1123**. **AFA #'s 11, 12, 13, 15, 37,** as well as **The Guns of November, Part 4.**)

Representative of the fascist connections in the JFK assassination highlighted in ***Coup in Dallas*** is the fact that Robert Schacht–a blood relative of Hjalmar Horace Greeley Schacht, Hitler's finance minister who was deeply involved with Clay Shaw and Permindex–was the admissions director for Albert Schweitzer College, the first destination of Lee Harvey Oswald when he "defected" to the Soviet Union.

We also include a passage from Jim DiEugenio's classic work on the Garrison investigation–***Destiny Betrayed***.

This passage places the Schacht family connection in greater depth.

This passage places the Schacht family connection in greater depth.



We also include a passage from Jim DiEugenio's classic work on the Garrison investigation–***Destiny Betrayed***.

Permindex was involved with, among other things, attempts on the life of French president **Charles De Gaulle** in conjunction with elements of CIA and the OAS.

he position of Hjalmar Schacht's relative Robert as the New York admissions officer of Albert Schweitzer College is the fact that Albert Schweitzer himself was the honorary chairman of Stille Hilfe —"Silent Help"—one of the postwar SS assistance organizations, headed by **Gudrun Burwitz**, Heinrich Himmler's daughter. We have **covered Stille Hilfe** in **previous programs** and **posts**.

When railroad executive Bill Thompson inquired of LBJ assistant Bobby Baker about the possibility of introducing President Kennedy to an alleged East German/Soviet spy Ellen Rometsch, Baker offered a *very* interesting reply, indicating that Rometsch was a Nazi.

Important political context to the alleged "Communist Spy" cover story of Ellen Rometsch concerns the political affiliations of the journalist who was the primary shepherd for the story, Clark Mollenhoff was an intimate of the ABN, OUN/B elements who ascended to a dominant role in the national security establishment of the current Ukraine government.

In **AFA#15**, as well as **FTR#'s 777**, **778** and **876**, we set forth the role of OUN/B elements in the assassination of President Kennedy, chiefly in generating what Professor Peter Dale Scott termed the "Level One Cover-up."—putting the blame on "the Communists" in order to deflect attention from the actual perpetrators.

In the above-cited programs, we noted how the assassination of Stepan Bandera—represented as part of a Soviet assassination program with which Lee Harvey Oswald was allegedly affiliated, we noted that the behavior of assassin Bogdan (or "Bohdan") Stashynsky suggested that he was a double agent and that the Bandera assassination was—in effect—a provocative gambit lending gravitas to the "Level-One Cover-up" posited by Professor Scott.

Research uncovered by author Albarelli strongly reinforces the probability that Stashynsky's work for the Soviets was a double agent, with his remarkable behavior elevating the Bandera hit to the level of Gehlen/Western propaganda.

(Stashynsky still had the death of the bell knew to Bandera's apartment at the time of his arrest and the head of the key *was still in the lock of Bandera's apartment when discovered by the German police*, as was revealed at Bandera's trial two years later.)

We conclude with discussion of Thomas Eli Davis.

Gunrunner Thomas Eli Davis appears to have been subjected to a degree of mind control at the Lafayette Clinic in Detroit. Ernst Rodin—his "therapist"—was an Austrian émigré with a Third Reich pedigree.

Of particular note is the fact that MK/ULTRA operative extraordinaire Louis Jolyon West was a protégé of Rodin.

Davis was a gunrunning associate of Jack Ruby and was, apparently, involved with Lee Harvey Oswald's sojourn in Mexico.

In our next program, we will set forth Davis's connections to Viktor Oswald, an "Underground Reich" associate who networked extensively with the milieu of Otto Skorzeny in Spain.

PTERRAFRACTYL'S NEST

Oligarchs for Theocracy: Project Blitz, the Council for National Policy, and God's Insurrection "One nation under God." It's a familiar phrase for modern Americans. But how about the phrase "One nation under God, and one religion under God"? That was the call **recently made by Michael Flynn**. As we're going to see, Flynn wasn't just speaking for fellow theocrats when he called for an end to the separation of church and state. He was voicing the views of one of the most powerful lobbies operating in DC. Groups like the Council for National Policy (CNP) that represent the merger of corporate (Koch) and theocratic interests. A network that for all practical purposes is the Republican Party's oligarch-core of state-level pushing a theocratic agenda with a goal of not just conferring special rights for Christians but effectively ending democracy itself. Because as we're also going to see, just as you can't separate the GOP establishment from the theocratic CNP, you can't separate the GOP's pro-wide push to overturn the 2020 election results from the CNP either. The death of representative democracy in the US **is very much a 'God'-ordained project**. Read more »
